

Rite-Hite Dock Lights

Enhance productivity, safety and energy efficiency at your loading dock.

Rite-Lite Flex Neck Dock Light

Rite-Lite HD-LED Dock Light

Rite-Lite HD-LED Dock Light

- » 15 watts
- » Minimum life of 50,000 hours at 70% lumen maintenance
- » Always cool-to-the-touch
- » 5 high intensity LED emitters help project light throughout the entire trailer
- » Optional flexible spring arm design available

Rite-Lite Flex Neck LED Dock Light

- » Incorporates an aluminum cast, impact-resistant, no-glass head, and six CREE LED's that consume just 18 watts of energy while outputting 950 lumens.
- » Rated for 175,200 hours (20 years) of service life, which includes LED's, driver and all electrical components.
- » IP45 Rated

Flex Neck Arm Design

- » The multiarticulating arm made from molded nylon, allows for multiple bend points and can be easily modified in the field to address unique configuration requirements, or obstructions that may be encountered at the dock opening.

Manual Light Control

- » Four different settings with visual indicators to clearly identify the current level of lighting allowing users to select the desired level of light output.

Motion Sensing Technology

- » Optional feature that senses when a forklift or person is leaving a trailer and automatically dims the light to 25% output, restoring to full power after a few seconds.
